

## **EXTENDED ACCESS APPOINTMENTS**

The Heath Practice is pleased to be able to offer our patients access to routine appointments at evenings and weekends.

The new service is part of an extended access service which has been commissioned by NHS Lincolnshire West Clinical Commissioning Group.

The appointments will also be available on bank holidays and across the Easter, Christmas and New Year periods

Extended hours appointments are for pre-bookable non-urgent appointments. Examples of these include chronic illness, asthma checks and medicines reviews

The service is being delivered by a federation of GP practices in the area. If a patient wishes to attend an extended hours appointment, they may need to travel to another local GP practice and may not necessarily see their own GP.

In our locality, appointments are available between 6.30 pm and 8.00 pm Monday to Friday, and 9.00 am to 10.00 am on Saturdays and Sundays. There are also a number of additional appointments being made available during core hours (8.00 am to 6.30 pm Monday to Friday)

To arrange an appointment or for more information on when and where appointments are available, speak to the practice receptionist.
