

The Heath Surgery

Consent Form

At the Practice we take patient confidentiality very seriously and endeavour to preserve your confidentiality on all occasions.

There are times when we may need to contact you by telephone and it would be helpful if we were able to leave a message on your home answer machine, mobile phone voice-mail/email, or with a member of your household. In order for us to do this we may need your written consent. If you wish us to be able to leave messages for you, please complete the statements below by signing and give consent for each specific option.

We also recognise that there are times when you may wish for a named person to be given your test results. In order for us to do this, please complete the statement on the reverse of this form.

Please complete in Black Pen
